Teacher's Message

Dear Parents,

We hope everyone had a wonderful Mother's Day and you enjoyed the gift your child made for you.

This year, Mrs. Scott and I celebrated a milestone—our youngest daughters completed their third year of college. It's hard to believe how quickly time passes.

For those of you with children starting kindergarten this fall, you're likely experiencing a mix of emotions. One moment you're filled with excitement, and the next, you're wondering how they'll manage without you—or how you'll manage without them. These feelings are completely normal and all part of the growing-up journey.

We want to reassure you: they're going to do great.

And so are you.

As a parent, you are your child's first and most important teacher. We just want to say—you're doing an incredible job raising your family. You were chosen to be your child's parent, and God knew exactly what He was doing when He blessed you with them.

You are fully equipped for all the joys and challenges the years will bring. Keep going. You've got this
